Phenix Center for Economic and Informatics Studies

Phenix Center for Economic and Informatics Studies, is an independent scientific research institution, was founded in Amman in (2003). The Center seeks to prepare studies and researches on various areas of economic, social and political development in Jordan, in the framework of the Arabic, regional and international levels. Works as well as to conduct public opinion polls in order to identify the real positions of the Jordanian society towards various issues that affecting the daily lives such as legislation, economic policies, social and political issues. The Center also provides researchers, scholars and research centers with statistical and methodological consultancy services. Also, organizing conferences, seminars and workshops in order to open free dialogue deals with the various areas of economic, social, political and scientific topics relevant to the concerns of the Center.
